

Biodiversity and Geodiversity RAG Assessment 2021	Green
Biodiversity and Geodiversity Officer Comments 2021	Application unlikely to require Natural England consultation. There are no apparent priority habitats within the site; however, there are grasslands, hedges, and wooded boundaries on site that are likely to have ecological value. Applications may find provision of a 10% net gain in biodiversity difficult within their red line boundaries and may need to find offsite compensation to comply with up-coming National legislation and developing local policies.
Biodiversity and Geodiversity Guideline Comments 2021	Development of the site would not have a detrimental impact on any designated site, or those with a regional or local protection.

Category of site	Dispersal: Villages
Category of settlement	Within or adjacent to Infill Village
Current use(s)	-
Proposed development	Residential
Proposed employment floorspace (m2)	0
Proposed residential capacity	21
Suitability	-
Adopted Development Plan Policies RAG 2025	Amber

Adopted Development Plan Policies Comment 2025	Development of the site has some potential policy constraints, but these could be overcome through the planning application process.
Flood Risk RAG Assessment 2025	Amber
Flood Risk Officer Comment 2025	Flood Zone: Wholly in Flood Zone 1. Surface Water Flooding: 2% lies in a 1 in 30 year event. 9% lies in a 1 in 100 year event. 11% lies in a 1 in 1000 year event
Flood Risk RAG Assessment 2023	-
Flood Risk Officer Comment 2023	-
Flood Risk RAG Assessment 2021	Amber
Flood Risk Officer Comment 2021	The site contains areas at high, or medium risk from surface water flooding and/or the site contains some land in Flood Zones 2 and/or 3 but there is sufficient land in Flood Zone 1 to accommodate at least 5 additional dwellings or an increase of 500 square metres of employment floorspace.
Landscape RAG Assessment 2025	-
Landscape Comment 2025	-
Landscape RAG Assessment 2023	Amber
Landscape Comment 2023	New information submitted includes an updated site boundary which reduced the area being proposed for development (0.69ha - Land South of Hall Lane). However this change does not change the previous assessment as the existing landscape is still sensitive to change.
Landscape RAG Assessment 2021	Amber
Landscape Comment 2021	The site comprises three parcels of agricultural land outside of the Development Framework Boundary which are generally well contained character, becoming highly visible in the middle of the eastern boundary and some areas in the west. Preservation of the rural countryside character is important. Development of the entire site would change the linear character of the existing village. Development of the third parcel would infill and retain this existing character, parcel two may have development focussed along Hall Lane, and Parcel one may appropriately be developed behind residential development along Heydon Road. Buildings should be arranged in loose knit patterns facing the street Landscape mitigation required.
Biodiversity and Geodiversity RAG Assessment 2025	-
Biodiversity and Geodiversity Officer Comments 2025	-
Biodiversity and Geodiversity Guideline Comments 2025	-
Biodiversity and Geodiversity RAG Assessment 2023	Green

Biodiversity and Geodiversity Officer Comments 2023	The further supporting information acknowledges that an ecological assessment is required to inform any subsequent planning application. It is recommended that the RAG scoring is amended, as the site will not have any detrimental impact on any designated site.
Biodiversity and Geodiversity Guideline Comments 2023	Development of the site would not have a detrimental impact on any designated site, or those with a regional or local protection.
Biodiversity and Geodiversity RAG Assessment 2021	Amber
Biodiversity and Geodiversity Officer Comments 2021	No likely impact on sites designated for nature conservation. Grassland, trees and boundary hedgerows may qualify as Habitats of Principal Importance/be of high ecological value and support protected or notable species. Nearby pond may support great crested newt (if suitable). Applications may find provision of a 10% net gain in biodiversity difficult within their red line boundaries and may need to find off-site compensation to comply with up-coming National legislation and developing local policies.
Biodiversity and Geodiversity Guideline Comments 2021	Development of the site would not have a detrimental impact on any designated site, or those with a regional or local protection.
Policy RAG Rating 2025	-
Policy Officer Comment 2025	-
Policy RAG Rating 2023	-
Policy Officer Comment 2023	-
Policy RAG Rating 2021	Green
Policy Officer Comments 2021	Site is not on protected open space designation. Any impact of the proposed development could be reasonably mitigated or compensated.
Historic Environment RAG Assessment 2025	-
Historic Environment Comments 2025	-
Historic Environment RAG Assessment 2023	Green
Historic Environment Comments 2023	The amended site boundary is now focussed on the smaller southern site. This does not have any heritage constraints and this rating can be changed to green.
Historic Environment RAG Assessment 2021	Amber
Historic Environment Comments 2021	The smaller southern site has no heritage constraints. Development of the larger two sites could adversely impact the setting of the conservation area.
Archaeology RAG Assessment 2025	-
Archaeology Officer Comment 2025	-
Archaeology RAG Assessment 2023	Amber

Archaeology Officer Comment 2023	Based on the amended information provided, the assessment for the site remains unchanged as Amber as there is evidence of archaeology in the area that will require further investigation.
Archaeology RAG Assessment 2021	Amber
Archaeology Officer Comment 2021	Located in historic village core adjacent to a medieval moat
Accessibility RAG Assessment 2025 - Automated	Red
Accessibility RAG Assessment 2025 - Officer Verified	-
Accessibility Comment 2025	Inadequate accessibility to key local services, transport, and employment opportunities.
Site Access RAG Assessment 2025	-
Site Access Officer Comment 2025	-
Site Access RAG Assessment 2023	Amber
Site Access Officer Comment 2023	Based on the new information provided, the site access assessment has been changed to Amber. The proposed site is acceptable in principle, subject to detailed design at a planning application stage.
Site Access RAG Assessment 2021	Red
Site Access Officer Comment 2021	If over 100 dwellings two points of access are required to accord with the advice of the Cambridgeshire Fire and Rescue.
Transport and Roads RAG Assessment 2025	-
Transport and Roads Guideline Comments 2025	-
Transport and Roads RAG Assessment 2023	Green
Transport and Roads Guideline Comments 2023	Based on the new information provided the assessment has been changed from Amber to Green. Given the nature and scale of the proposed development, there are no substantial roads and transport impacts identified at this stage.
Transport and Roads RAG Assessment 2021	Amber
Transport and Roads Guideline Comments 2021	Any potential impact on the functioning of trunk roads and/or local roads could be reasonably mitigated.
Noise, Vibration, Odour and Light Pollution RAG Assessment 2025	-
Noise, Vibration, Odour and Light Pollution Guideline Comments 2025	-
Noise, Vibration, Odour and Light Pollution RAG Assessment 2023	Green

Noise, Vibration, Odour and Light Pollution Guideline Comments 2023	New information provided has not changed the assessment. The site is capable of being developed to provide healthy internal and external environments in regard to noise / vibration/ odour/ Light Pollution after careful site layout, design and mitigation.
Noise, Vibration, Odour and Light Pollution RAG Assessment 2021	Green
Noise, Vibration, Odour and Light Pollution Guideline Comments 2021	The site is capable of being developed to provide healthy internal and external environments in regard to noise / vibration/ odour/ Light Pollution after careful site layout, design and mitigation.
AQMA RAG Assessment 2025	-
Air Quality Officer Comment 2025	-
AQMA RAG Assessment 2023	Green
Air Quality Officer Comment 2023	The amended site boundary has been reviewed but the assessment remains unchanged since the original assessment. The site does not lie within an AQMA and there will be minimal traffic impact on AQMA.
AQMA RAG Assessment 2021	Green
Air Quality Officer Comment 2021	Site does not lie within an AQMA. Minimal traffic impact on AQMA.
Contaminated Land RAG Assessment 2025	-
Contaminated Land Officer Comments 2025	-
Contaminated Land RAG Assessment 2023	Amber
Contaminated Land Officer Comments 2023	The amended site boundary has been reviewed but the assessment of the site remains unchanged since the original assessment as this is a site with the potential for historic contamination and planning conditions will be required including a desk top study.
Contaminated Land RAG Assessment 2021	Amber
Contaminated Land Officer Comments 2021	Site adjacent to contaminated land. Potential for contamination, conditions required. Phase I likely.

Flood Risk RAG Assessment 2021	Amber
Flood Risk Officer Comment 2021	The site is within flood zone 2 (taking into account climate change) and/or is within an area at high, medium or low risk from surface water flooding.
Landscape RAG Assessment 2025	-
Landscape Comment 2025	-
Landscape RAG Assessment 2023	-
Landscape Comment 2023	-
Landscape RAG Assessment 2021	Amber
Landscape Comment 2021	The site comprises three parcels of agricultural and pastureland. It is partly inside the Conservation Area and outside of the Development Framework Boundary, therefore in the countryside. Preservation of the rural countryside character is important. Developing the entire site would alter and change the existing character of Heydon. New development must reflect the form, scale, density and proportions of the existing vernacular with landscape mitigation.

Landscape RAG Assessment 2021	Amber
Landscape Comment 2021	The site is adjacent to the Conservation Area. There is Important Countryside Frontage along Fowlmere road (facing away from the site) which protects the significant connection between the street scene and the surrounding rural area, in this case the triangular village green in the centre. This area will not be compromised nor impacted by this site or development in this location. The site is edged by curving field boundary which forms the edge of the development framework both north and south of the site. The site has direct access to the Fowlmere Road and therefore would continue the frontage along this road which forms the very linear heart of the village. Development in this location must reflect density and pattern of the existing village. Retention of trees and hedgerows is required. Site boundaries are to be strengthened for mitigation purposes.
Biodiversity and Geodiversity RAG Assessment 2025	-
Biodiversity and Geodiversity Officer Comments 2025	-
Biodiversity and Geodiversity Guideline Comments 2025	-
Biodiversity and Geodiversity RAG Assessment 2023	-
Biodiversity and Geodiversity Officer Comments 2023	-

Biodiversity and Geodiversity Guideline Comments 2023	-
Biodiversity and Geodiversity RAG Assessment 2021	Green
Biodiversity and Geodiversity Officer Comments 2021	Consultation with Natural England unlikely to be required. Boundary habitats including hedgerows and mature trees may qualify as Habitats of Principal Importance/priority habitat. Grassland may be of ecological value. Pond within the site may support great crested newt. Mature trees may support roosting bats (if suitable).
Biodiversity and Geodiversity Guideline Comments 2021	Development of the site would not have a detrimental impact on any designated site, or those with a regional or local protection.
Policy RAG Rating 2025	-
Policy Officer Comment 2025	-
Policy RAG Rating 2023	-
Policy Officer Comment 2023	-
Policy RAG Rating 2021	Green
Policy Officer Comments 2021	Site is not on protected open space designation. Any impact of the proposed development could be reasonably mitigated or compensated.
Historic Environment RAG Assessment 2025	-
Historic Environment Comments 2025	-
Historic Environment RAG Assessment 2023	-
Historic Environment Comments 2023	-
Historic Environment RAG Assessment 2021	Red
Historic Environment Comments 2021	Would affect the setting of the Conservation Area and a Listed Building (White Cottage), with a possible impact on setting of the Listed Church. Development of the site would cause substantial harm, or severe or significant "Less than substantial harm" to a designated heritage asset or the setting of a designated heritage asset which cannot be reasonably mitigated.
Archaeology RAG Assessment 2025	-
Archaeology Officer Comment 2025	-
Archaeology RAG Assessment 2023	-
Archaeology Officer Comment 2023	-
Archaeology RAG Assessment 2021	Amber
Archaeology Officer Comment 2021	Located on the north western edge of the historic village core.

Accessibility RAG Assessment 2025 - Automated	Red
Accessibility RAG Assessment 2025 - Officer Verified	-
Accessibility Comment 2025	Inadequate accessibility to key local services, transport, and employment opportunities.

Available	-
Is the site controlled by a developer or landowner who has expressed an intention to develop?	The site was submitted by the landowner and/or site promoter who has confirmed that the site is available for development in the timescales indicated.
Are there known legal or ownership impediments to development?	No

Is there planning permission to develop the site?	No relevant recent planning history
When will the site be available for development?	0-5 Years
Available RAG	Green
Achievable	-
Is there a reasonable prospect that the site will be developed?	The land has been promoted by the landowner and or developer and is known to be available for development. The site has a low existing use value and residential development is likely to be economically viable at an appropriate density.
Achievable RAG	Green
Capacity	-
Prevailing Density (weighted) (dwellings per ha)	30
Residential capacity at prevailing density	28
Estimated employment space (m2)	0
Estimated start date	0-5 Years
Estimated annual build-out rate (pa)	40-75
Development completion timescales (years)	0-5 Years
